*Celebrating our 20th Year Anniversary*

**Established January 5, 2004**

*Thank you for being a part of our story!*

**OUR 2024 KEEPSAKE CALENDAR**

**[www.TCLFinancialTaxServices.com](http://www.TCLFinancialTaxServices.com)**

On January 5, 2004 (20 years ago), at 9:00 a.m. on a Monday morning, I turned the sign from closed to open, unlocked the front door, and immediately greeted our first client, **“Welcome to TCL!”** To this day, I still remember that client’s name...**Mr. Pierre Harris!**

To this day, “Welcome to TCL,” is still uttered by our Team Members when a client or potential client enters any one of our four locations.

Every year on January 5th, I celebrate the anniversary of our amazing company, but we all must admit, **Happy 20th Anniversary**, sounds like a little more worth celebrating!

I will tell anyone that being a business owner is not easy! It takes discipline, hard work, leadership, organization, and time management skills, and a lot of logical thinking and patience. I say logical thinking and patience, because I can not compare my first year to my now 20th year in business. As a business owner, I make the conscious decision each year to elevate the company to another level in some kind of way.

Statistics state that 50 percent of businesses fail in their first year and 95 percent of them fail in their first five years. I am truly humbled and elated that our company has beaten those odds.

Currently, we have four locations to gladly serve you, a knowledgeable team of approximately 20 people, a list of 12 different services we offer, and an impressive, **A+ Rating** with the Better Business Bureau!

There have been a lot of memorable moments throughout these past 20 years in regards to TCL Financial & Tax Services, but there is one moment that literally, just crossed my mind due to the personal attachment associated with it.

In the last quarter of 2003, as I was getting the first location prepared to open, I had completely depleted all my funds. To be blunt, I was flat broke!

I swallowed my pride and decided to ask for help. I started by asking my mom, Joan Sargent, would she please, pretty please, loan me \$5,000. Then, I personally called all of my closest friends and asked if they would please, pretty please, each purchase one piece of furniture for me. Yes, I created a “Wish List” way before it became popular!

Thankfully, my mom and friends honored my request. To this day, I constantly remind them how much I appreciate them for helping me in my time of need.

I must also give thanks to other people who have contributed to our company’s success for these past 20 years. There are too many names to mention, so I will speak in general.

Thank you to all of the Authors of books I have read on self-improvement!

Thank you to all of my Business Advisors, Coaches, and Consultants for your advice, direction, and guidance!

Thank you to all Current and Past Clients for patronizing and trusting us to serve you!

Thank you to all of the Motivational Speakers to whom I have listened to that has inspired me to become a better person and leader!

Thank you to all Current and Past Team Members for all of your dedication and hard work!

I want to conclude by saying to all of you, **“Thank you for being a part of our story!”**

If you are not already associated with TCL Financial & Tax Services, I am personally inviting you to come and “Be a part of our story!”

Trust me, it is definitely far from being over...**20 Years and Counting!**
